

Ashish Khatri

Full Stack Developer

 asiskhatri123@gmail.com |  +977 9849959302 |  [LinkedIn](#) |  [Portfolio](#) |  [GitHub](#)

Professional Summary

Full Stack Developer with 8+ months of professional experience specializing in Next.js and React applications. Proven track record of developing scalable web applications, implementing user dashboards, and integrating APIs while maintaining 100% performance scores. Expert in turning designs into pixel-perfect, type-safe code with strong focus on SEO optimization and user experience.

Technical Skills

Frontend Technologies: Next.js, React, JavaScript, TypeScript, HTML5, CSS3, Tailwind CSS, Redux, Framer Motion

Backend Technologies: Node.js, Express.js, TypeScript, RESTful APIs

Database Systems: MySQL, PostgreSQL, MongoDB, Prisma ORM

Development Tools: Git, GitHub, Socket.io, JWT Authentication, Next-auth

Other: Responsive Design, Cross-browser Compatibility, SEO Optimization, Performance Optimization, Agile Development

Professional Experience

Next.js Developer

Aarambha IT and Research Center Pvt. Ltd | *Dec 2023 – April 2024*

- Developed responsive web applications using **Next.js, TypeScript, and Tailwind CSS**, delivering pixel-perfect implementations of design mockups
- Built user dashboards and admin control panels with seamless API integrations, directly matching the job requirements

- Implemented **SEO optimization techniques** resulting in increased traffic and user engagement
- Achieved **100% performance scores** on Lighthouse reports through performance optimization
- Developed a company portfolio website with enhanced UX/UI, resulting in **50% increase in site viewers**
- Collaborated with design teams to translate wireframes into functional, intuitive user interfaces

React Developer

Everest Technologies | *Sept 2023 – Dec 2023*

- Implemented **real-time chat functionality** using React and Socket.io for e-commerce platform, enhancing seller-customer communication
- Developed educational web applications using **React and Vanilla JavaScript** with focus on user experience
- Worked in agile development environment with cross-functional teams

Key Projects

Music Streaming Platform - Full Stack Application

Tech Stack: Next.js, Express.js, Redux, Tailwind CSS, PostgreSQL, TypeScript, Prisma ORM, Socket.io

- Built complete full-stack application with **user dashboard and admin controls** using Next.js and React
- Implemented **JWT authentication and Next-auth** for secure user management
- Developed **real-time notifications** using Socket.io
- Integrated **payment gateway (Khalti)** and external APIs
- Utilized **MySQL/PostgreSQL** with Prisma ORM for database management

Polar Treks - Frontend Development

Tech Stack: Next.js, TypeScript, Tailwind CSS

- Developed responsive frontend with **API integration** and SEO optimization
- Achieved high performance scores through optimization techniques

Shekhar's Palace - Frontend Development

Tech Stack: Next.js, TypeScript, Framer Motion, Tailwind CSS

- Built interactive website with **advanced animations** and optimized SEO
 - Implemented responsive design principles for cross-browser compatibility
-

Education

BSc (Hons) Computing

Informatics College Pokhara | *Sept 2022 – May 2024*

Core Competencies

- **Next.js & React Expertise:** Proven experience in building scalable web applications
- **Full Stack Development:** Experience with both frontend and backend technologies
- **API Integration:** Proficient in working with RESTful APIs and external services
- **Performance Optimization:** Track record of achieving 100% performance scores
- **Agile Development:** Experience in sprint planning and code reviews
- **Problem Solving:** Strong analytical skills with attention to detail
- **Team Collaboration:** Excellent communication skills and experience working with cross-functional teams
